WALKER STILL SENDING TROOPS TO BORDER TO HELP TRUMP ENFORCE CRUEL AND INHUMANE BORDER POLICIES

Over the last 48 hours, news of the Trump administration’s family separation policy has become more and more brutal, yet Scott Walker has remained silent — and has refused to reverse course on sending Wisconsin’s National Guard troops to the border, despite other governors pulling their troops.

“People will remember which politicians stood silent while children were being taken from their mothers and put into cages. Infants and toddlers are crying in ‘tender age shelters’ while Walker is sending National Guard troops to the border to help Trump enforce his cruel and inhumane policies. Where is the humanity?” — TJ Helmstetter, Democratic Party of Wisconsin spokesperson for 2018 governor race
