WisDems: Statement upon news that Scott Walker is in Washington, DC, meeting with President Trump and did not inform the press corps or public:

“Another taxpayer-funded publicity junket for typical politician Scott Walker. Not a surprise that Scott Walker is yet again putting his national image above doing his job here at home. And on the same day he got caught fundraising off a National Guard deployment, to boot. Scott Walker should come clean about his full agenda on this secret Washington trip - and why he never told Wisconsinites that he was leaving the state.”
