Candidates outline radically left-wing policy plans, fail to fight for WI families at debate

[Madison, WI] — Wisconsin Democrats continued their dangerous race to the left tonight. Instead of standing up for the hard-working families of our state, the Democrat candidates on the debate floor outlined their policies that would take Wisconsin backward – erasing all of Scott Walker’s reforms. The Republican Party of Wisconsin released the following statement from Executive Director Mark Morgan:

“The bold conservative reforms of Governor Scott Walker are delivering real results. More people are working than ever before, and our classrooms are being funded at historic levels. Tonight, each of the Democrats running for governor offered nothing but promises to undo these reforms and undo the Wisconsin comeback – taking us back to the days of double digit unemployment, record job losses and massive tax increases. Hard-working Wisconsin families can’t afford the Democrats’ dangerous race to the left.”
