*Republicans getting positive things done, Democrats offer failed policies*  
[Madison, WI] — Ahead of his State of the State address today, Wisconsin Republicans are touting Governor Scott Walker's bold conservative reforms in Wisconsin. While Democrats are offering nothing but the failed policies of yesterday, Governor Walker is getting positive things done for hard-working Wisconsin families. The Republican Party of Wisconsin released the following statement from Executive Director Mark Morgan:

"Governor Walker has led the fight for bold reforms that put hard-working Wisconsin families first. Thanks to those reforms more people are working than ever before, our unemployment is as low as it has ever been, we've eliminated an entire tax, and Wisconsin is making historic investments into our classrooms. Democrats are offering nothing but talk as they look to take us backward with the failed policies of yesterday. Governor Walker is getting positive things done, and moving Wisconsin forward."
