### **Governor Walker, Republican Leaders Stand Up for Rural Wisconsin Schools**

*Republicans increase historic investment in education thanks to reform dividend*  
[Madison, WI] — Yesterday, Governor Scott Walker and Republican leaders announced their support for a plan increasing investment in rural schools - in addition to the historic investment into K-12 education the governor championed in his budget last year. Today, following the announcement, the Republican Party of Wisconsin released the following statement from Chairman Brad Courtney: “Governor Walker and our Republican leaders are delivering for rural Wisconsin. After making a historic investment into our K-12 classrooms, Wisconsin Republicans are increasing support for rural schools to ensure that students in every corner of our state succeed. I want to offer my thanks to Governor Walker and our leaders in the legislature for making sure that Wisconsin’s future remains bright!”
