[Madison, WI] — Governor Scott Walker has Wisconsin working. Wisconsin's unemployment rate has reached an all-time low of 2.9 percent, down from an unemployment rate of 9.2 percent before Governor Walker took office. Thanks to the bold reforms of the governor and Republican leaders in the legislature more people are working than ever before and the Wisconsin comeback is real.

“Governor Walker has Wisconsin working. Thanks to his bold reforms, we are getting things done for the hard-working families of our state – helping create jobs, cutting taxes, and getting more people working than ever before,” said Brad Courtney, Chairman of the Republican Party of Wisconsin. “Wisconsin's comeback is real and with Scott Walker, our future is bright.”
