WisGOP: We cannot afford to let Evers take Wisconsin backward

Governor Walker's record of real results contrasts with Evers' tax-and-spend policies

[Madison, WI] — Thanks to Scott Walker, Wisconsin is moving forward. Our state's unemployment rate hit an all-time low, more people are working this year than ever before, and our manufacturing sector is second in the nation for new jobs created. Tony Evers would put all of that at risk. Evers supports the type of failed policies of yesterday that would take Wisconsin backward. Following tonight's debate, the Republican Party of Wisconsin released the following statement from Chairman Brad Courtney:

"Scott Walker's debate win tonight made it clear: he is moving Wisconsin forward. Walker's bold reforms have our state on the right track. Tony Evers' reckless policies would raise taxes on families, farmers, and manufacturers in our state – costing us jobs. Evers has even said that he's open to a gas tax increase of up to a dollar a gallon. Wisconsin is winning with Walker – we can't afford to turn back now."
