With just a couple of weeks left before students return to Wisconsin's public universities and private colleges, this is a good time for students to make sure they are ready to vote in Wisconsin.

The next opportunity to cast a ballot is coming up fast. Wisconsin's Spring Primary to whittle the field of candidates for a seat on our State Supreme Court is on February 18, 2020 - followed by the Spring Election and Presidential Primary on April 7, 2020.

If you value the integrity of our state's judicial system - and want to have a say in who might occupy the White House next year, mark your calendar with these two important dates, and then get ready to vote now so you're not scrambling later.

Go to this page on our website:

[Three Things College Students Need to Do To Vote in Wisconsin](#)

There, students will find straightforward information on registering to vote and voter photo ID.

If students have a Wisconsin driver's license or Department of Transportation-issued Wisconsin ID card, then they already have an ID acceptable for voting. But, if they don't have one of these forms of ID, we provide information on alternative IDs for voting, including if the standard student ID at their school can be used to vote - and if it cannot be used at the polls, how and where to get an acceptable school-issued "voter ID" if their school offers one.

As we have in past years, we will continually update this resource as new

information is received or changes. So please check back often. And share this link widely with anyone you know who is attending a college, university or technical school in Wisconsin!

Get this done now, so you won't have to worry about it later.
