MADISON, WI – Senate Democratic Leader Jennifer Shilling (D-La Crosse), Assembly Democratic Leader Gordon Hintz (D-Oshkosh) released the following statement after Governor Evers signed the 2019-2021 State Budget into law:

“Governor Tony Evers laid out a bold vision for our state’s future that reflected the priorities of Wisconsinites. The Governor’s budget maximized our resources, which would not have only saved taxpayers’ money, it would have allowed for investments needed in our schools, roads, health care and drinking water. These investments are critical to ensuring Wisconsin is a place where the next generation wants to live, work and raise a family.”

“While Republican politicians missed many chances to expand opportunities for students, families, and seniors, Governor Evers’ influence over the process put the people’s priorities front and center. Republican obstructionism cannot silence the will of Wisconsin voters and Democrats will continue fighting for quality schools, affordable health care, and clean drinking water.”
