(MADISON, WI) — Today, Democratic Party of Wisconsin Chair **Ben Wikler** released the following statement in response to Donald Trump's upcoming visit to Milwaukee:

“After three years of broken promises to hard working Wisconsinites, Donald Trump can't talk himself out of the pain he's caused our state. Whether through his trade war that has cost thousands of people their jobs and livelihoods, his refusal to help lower prescription drug costs, or the huge handouts he gave to the rich at the expense of the middle class, Trump has caused irreversible damage to countless Wisconsinites. As the 2020 election approaches, people know they can't afford four more years of this president.”
