

Evers to keynote Dem state convention

Posted on Friday, Apr 26, 2019

Gov. Tony Evers will keynote the Dem state convention in June.

A party spokeswoman said the convention's theme is "Moving Forward Together" to celebrate the change in leadership after Dems swept the statewide races last fall.

The spokeswoman said the party didn't invite any presidential candidates to speak at the convention to keep the focus on newly elected state leaders.

The party will convene in Milwaukee June 1-2 for its annual state convention, which will include the election of a new chair.
