The Bureau announces the release of report 19-21, [State Retiree Health Insurance Reporting for the State of Wisconsin.](#)

We provided unmodified opinions on the employer schedules prepared by the Department of Administration for the State Retiree Health Insurance program as of and for the year ended June 30, 2018. The schedules report an other postemployment benefit (OPEB) liability for the program. These schedules were prepared to assist participating employers, including the State of Wisconsin, in preparing their own financial statements in accordance with generally accepted accounting principles.
