Madison, WI – Representative Felzkowski (R-Irma) expressed her excitement following the announcement that Mitchell Metal Products in Merrill was nominated for the 31st Annual Wisconsin Manufacturer of the Year Awards:

“I want to congratulate Mitchell Metal Products for the tremendous honor of this nomination. Manufacturing continues to be a cornerstone of our state and companies such as Mitchell Metal Products are vital to the continued success of rural Wisconsin’s business communities.”

Mitchell Metal Products was established in 1954 as a family business and has grown to be an international supplier of high-quality metal products to manufacturers throughout Europe and North America.

“Our district is proud to be represented by such an innovative company, and I wish them luck as the awards process moves forward.”

Twenty-eight manufacturing firms from across Wisconsin have received nominations. Manufacturers are recognized for their good business practices and innovative processes. Four grand award winners will be selected in late February.
