Release Proposal to Put More Money in the Hands of Taxpayers

[Madison, WI] – Once again Legislative Republicans are leading on issues that matter to the families of Wisconsin and putting their focus on empowering taxpayers. Today, legislative Republicans reaffirmed their commitment to keeping Wisconsin's tax burden low, building on the reforms that put taxpayers back in charge and made our state a place for businesses to grow. The Republican Party of Wisconsin released the following statement from Executive Director Mark Morgan: "Legislative Republicans continue to lead and remain focused on promoting a pro-growth business environment and putting more money back in the hands of hard-working taxpayers. Now, more than ever, it is imperative that our elected leaders are working to build on our successful reforms and continue to move Wisconsin forward."
