As you may know, the Joint Committee on Finance will soon begin meeting regularly to form the 2019-21 State Biennial Budget. As a member of the Committee, I am eager to hear from Wisconsinites in the 27th Senate District on how they feel about the many proposals included in the People's Budget created by Governor Evers, as well as any and all additional budget-related policies they are interested in discussing.

Please consider attending one of my Community Listening Sessions on the 2019-21 State Biennial Budget on a date and at a location that is most convenient to you. Below is a schedule with the dates and locations of each session.

I hope you find one of the opportunities convenient for your schedule to come and share your interests as related to state government, or just to come and listen to what your neighbors have on their minds.

I would also appreciate you sharing these opportunities with other folks you might feel would be interested. The more the merrier!

Thanks much for your consideration. Hope to see you soon!
