MADISON- Legislation authored by Senator Dan Feyen (R-Fond du Lac) to promote economic growth and save taxpayer money passed the Senate with bipartisan support today. Assembly Bill 10 will ensure that taxpayers are not subsidizing the moving costs for companies leaving the state or the country. Sen. Feyen is devoted to promoting economic growth in the state of Wisconsin and protecting Wisconsin taxpayers' hard-earned money.

"We all want to see our economy grow and prosper. It's common sense that one of the best ways to boost our economy is to encourage businesses to stay right here in the state of Wisconsin and invest in our future. Our tax dollars should not be wasted on subsidizing the moving costs for companies who are trying to leave the state." Sen. Feyen said. "I look forward to seeing this legislation signed into law and seeing the positive effects it will have on Wisconsin taxpayers."
