[Madison, WI] — Following the governor's announcement that he plans to reopen the state's contract with Foxconn, Senate Majority Leader Scott Fitzgerald released the following statement:

"This completes the original narrative that the governor has wanted to undermine the Wisconsin Economic Development Corporation from day one. If the state is willing to renege on its commitment to Foxconn and open up a contract without agreement by both parties, then what guarantee can Wisconsin make to any other company that wants to expand here?"
