WASHINGTON, D.C. – Wisconsin Congressman Sean Duffy, Ranking Member of the Financial Services Subcommittee on Housing & Insurance, tonight released the following statement after President Trump's State of the Union address:

“Tonight, President Trump made clear that America's Blue Collar Comeback is real, and the American Dream is alive and once again achievable. More manufacturing jobs were added last year than at any time since 1997, unemployment is down, and wages are up. President Trump's vision for our nation's future, which includes fighting for American workers and farmers by leveling the playing field on trade, strengthening our military, and securing our southern border, should make every American proud. I will continue to work with President Trump and my Democrat and Republican colleagues to help Make America Great Again.
