National Ag Day is celebrated Thursday, March 14, 2019

La Crosse – Tomorrow, the country will come together to celebrate America’s farmers, ranchers, producers and their families on National Agriculture Day. **U.S. Rep. Ron Kind** released the following statement:

“Wisconsin’s farmers have always been at the heart of our state’s culture and our local economies. I am proud to represent a Congressional District that farms everything from fruits and vegetables, to world-class dairy products. Our farmers feed our communities and feed the world – and for that we owe a debt of gratitude.

Life on the farm is never easy – especially as family farms face unprecedented challenges. On National Agriculture Day, I invite you to celebrate and thank our hardworking family farmers, and recommit to buying and eating local.”
