Washington, D.C.—Congressman Jim Sensenbrenner (WI-05) issued the following statement after voting no on two articles of impeachment against President Trump during today's House Judiciary Committee markup:

"These articles of impeachment are the weakest in history. The Democrats will stop at nothing to remove a duly-elected President over a policy disagreement—not for bribery, treason, or any high crime and misdemeanor. They have set dangerous precedent today, which undoubtedly weakens the fabric of our government. The Democrats continue to make outlandish charges that the President will steal the 2020 election if he is not impeached, but what they're really doing is trying to steal back the 2016 election from the 63 million people who elected Donald Trump."
