

Voces de la Frontera “Defending Families, Restoring Driver’s Licenses for Immigrants”

Posted on Thursday, Aug 8, 2019

Voces de la Frontera is organizing a statewide tour called “Defending Families, Restoring Driver’s Licenses for Immigrants” to strengthen support through Wisconsin for the restoration of access to driver’s licenses for immigrants. These forums will provide information on next steps and ways to become involved with actions that will move our demands forward. The Mexican Consulate will also be present to provide a Know Your Rights workshop and information about their services.

Join us at community forums including two happening this week. [Please see details below and click on the links to RSVP and or share the events on Facebook!](#)
