What is at stake here? Our state needs a Moral compass to fight against these Anti-Christians as out lined by David Horowitz in his new Book "Dark Agenda", the fight against the Wild Eyed Leftists and the anti- Christians.

The Anti Christian bigots, who refuse to realize that people in this state wish to have families like the Hagedorns, Brian is candidate for Wis. Supreme court. They place real value in their children, their homes, and to raise their kids in a moral manner.

The Anti-Christians who are pushing abortion till birth, and the execution of their own children there after, if not acceptable to their parents.

The Left is pushing another agenda/candidate in the form of Lisa Neubauer .. Of this type of activity, Nazism was born.

Wisconsin has always been the home of dedicated working families, that will do anything for their kids.

The Hagedorns started a Christian Home schooling program when thy could see the morals of the country were leaving us. The Judeo-Christian morals founded this country.

The Left led up by the followers of Lisa Neubauer for supreme court, would like to see our moral guidelines be laid down by Hugh Hefner, Stormy Daniels, Justin Smollett. These people want to legalize recreational drugs that fry our kids brains when used.

We just got them to stop smoking cigarettes, that cause cancer, now the left wants to have them fry their brains on drugs.

The CHOICE here is clear.

Do we elect people to the Supreme court that are not interest in our kids or the constitution?

A great example of the complete deterioration of the morals and ethics of the Left is Barbra Streisand's comments about the pedophile Michael Jackson: She

defended his assaults on children, his sleeping with children. Disgusting. Would you want either of those two in charge of your children?

Look what the Left has done to the Boy Scouts and my Catholic church.

Disgusting, atrocious conduct.

Those people that make things up as they go along, the people that do not have a Moral compass for our children so that we do now have generation of abortionists killing their own kids, abortion to birth, then bragging about it?

Downs syndrome children are being executed when they come out of the womb, alive, as are many other babies. One abortionist, Gossens, is now in jail for killing babies and he is proud of it.

The Left wants to take away, confiscate, our guns. They wish to ignore the rights of our citizens to have guns to protect themselves, to shoot, and the them from the million or so that are out in the field hunting in the fall every year.

These are important rights!

We see only one candidate: Judge Brian Hagedorn that will protect those rights, for us and our families. We must fight to keep the Bigots, the Anti Christians away from our families.

Christians, along with our Jewish leaders have laid down the morals and ethics that started this country. Jesus said: "love thy neighbor as they love thyself". He had all kinds off sinners in his flock. He led the world to a new beginning, introducing the morals and ethics that our children need to know and follow.

If everyone lived the teachings of their pastors and rabbis this would be a much better world.

But there are too many people out there that wish to destroy the very foundations of our country, ignore our morals and ethical upbringing, to institute a new Lifestyle that includes the destruction of religions, rampant drug use and easy sex.

That is why we want to put people that believe in the Rule of law, to be fair, independent and impartial; "Justice for All". Judge Brian Hagedorn will follow the constitution.

If you had to go before a judge would you want to be judged on Christian principles? A Judge that wants "Justice for all, fair, independent and impartial, or by those who are Anti-Christians, that actually attack our churches and religions?? We are voting for the Hagedorn family on April 2nd as people that our families should look up to, and not discriminate against anyone who wishes to make Wisconsin a better place to live.

Trump Victory: The wild eyed left has slammed Donald Trump from the first day he announced for office, with slanderous lies about him being friend and agent of Russians. Now we know it was all lies. Slanderous, scurrilous charges. They are the slimiest bunch around . Why would we let them become Judges?

Trump Spring Fling: This is to celebrate this great victory from the lies of the left. Help us with this. The women are already volunteering to do this, date not yet announced, so we ask you all to help, have one in your area too.
