Hello. I am State Representative Shelia Stubbs from the beautiful 77th Assembly District in the South and West sections of Madison, with this week's Democratic Radio Address.

January 7th, 2019 marked the dawning of a new era for our state as Tony Evers took the oath of office and became the 46th governor of Wisconsin.

Assembly Democrats have full confidence in Governor Evers dedication to restoring Wisconsin's values.

Under his leadership, our rich traditions of academic excellence, environmentalism, and opportunity will once again be honored in our great state.

We look forward to working side by side to achieve our shared goals of fully funding public schools, rebuilding our roads and bridges, and making healthcare affordable and accessible for every Wisconsinite.

2019 has presented Wisconsin with the opportunity to start fresh.

Governor Evers conveyed this best when he stated, and I quote, “We must dare greatly to go forward in the face of adversity and uncertainty. We must dare to make space for hope here once again.”

Let’s get together. Let’s go to work in the state of Wisconsin.

God bless you. God bless the state of Wisconsin. And God bless the United States of America.

Thank you so much.
