Posted on Saturday, Feb 23, 2019

This episode of “WisBusiness.com: The Show” features an interview with Renee Bemis of Driftless Glen Distillery, who talks about Wisconsin’s emerging trend of small distilleries and how it landed her company on the list of America’s fastest-growing private companies.

Also, Liz Schrum presents Tech Metrics, which chart key indicators and events in the Wisconsin economy.

In a separate commentary, Tech Council President Tom Still talks about Gov. Tony Evers’ address to the board of directors of the Wisconsin Technology council this month. He sounded a theme that resonated with most of its members: economic development is a statewide affair.

“The Show” is produced by Red Arrow Production of Madison for the Tech Council and WisBusiness.com and is sponsored by UW-Milwaukee and Exact Sciences.
