Today Department of Health Services (DHS) Secretary-designee Andrea Palm and Covering Wisconsin announced a new partnership to get more Wisconsinites enrolled in health insurance during this year's open enrollment period. DHS awarded Covering Wisconsin nearly \$500,000 to fund additional health insurance Navigator positions throughout the state to help more Wisconsin residents get covered.

"Every Wisconsinite deserves access to affordable, quality health care and it's time to work together to get folks covered," said Governor Evers. "This new partnership will allow us to help Wisconsin residents get connected to quality, affordable health coverage through [healthcare.gov](https://www.healthcare.gov) or Medicaid."
