[Madison, WI] – In response to night two of the first Democrat presidential debate, the Republican Party of Wisconsin issued the following statement from Executive Director Mark Jefferson:

“Tonight, voters heard another round of radical and dangerous policy proposals that would have catastrophic effects on our Country. From their attacks on President Trump and our personal freedoms, to their support for open borders, these Democrats have proven just how extreme and out of touch they are with everyday Wisconsinites. Tonight reaffirmed what we already knew: America will be more free, more prosperous, and more safe under four more years of President Trump.”
