America First Action is unleashing a new advertisement in Wisconsin about a small business owner in Kenosha, who's small business was threatened during the riots.

“I built this business from scratch. Our goal was simple. Empower and promote other female artisans and entrepreneurs. I'd seen the riots on the news, but I thought in our small town, we were safe. I never thought that they'd come to my front door. But they did. They graffitied my shop. Even tried to break in with a crow-bar,” Kimberly states in the testimonial.

Joe Biden and other liberal Democrats have remained silent, as far-left radicals attack innocent citizens and police officers. Only President Trump and Vice President Pence are firmly committed to stopping the riots and restoring law and order to our streets.

Kimberly: “I built this business from scratch. Our goal was simple. Empower and promote other female artisans and entrepreneurs. I'd seen the riots on the news, but I thought in our small town, we were safe. I never thought that they'd come to my front door. But they did. They graffitied my shop. Even tried to break in with a crow-bar.

And I was one of the lucky ones. Other businesses burned to the ground.

Just devastating. If mob violence can happen here, it will happen everywhere. The Harris-Biden ticket says these out-of-control protests will never stop.”

Kamala Harris: "It's not going to stop. It's not going to stop" "They're not going to let up. And they should not."

Kimberly: "They won't even try. We need safe streets to protect our businesses... our communities. And Joe Biden is just too weak to protect us."
