Today, ahead of Vice President Pence's visit to Wisconsin, ***Biden for President Wisconsin State Director Danielle Melfi*** released the following statement:

"Mike Pence and Donald Trump have failed Wisconsin. COVID-19 cases continue to rise, communities across the state don't have access to sufficient testing supplies, and health care facilities lack proper protective equipment to keep their essential workers safe. As the Democratic National Convention continues, the contrast between Joe Biden and Kamala Harris' unifying vision for America and Trump and Pence's failed leadership could not be more stark."
