Grassroots group C.O.V.I.D. will be demonstrating the insane, immoral and irresponsible decision to proceed with the Wisconsin Spring Election. As of today (04/02/2019) Wisconsin has 1,730 confirmed cases and 31 DEATHS from COVID-19. Wisconsin stands alone as the ONLY state willing to risk the lives of its citizens by not postponing the election until after the predicted peak of the virus. We demand that the Wisconsin Legislature and Governor Evers use their powers to postpone the election amid this very real public health crisis.

Proceeding with the April 7 election undermines our democratic right to vote and endangers our public health while violating CDC recommendations and Governor Evers own order to shelter in place during the COVID-19 outbreak in Wisconsin.
