Today Governor Evers announced a new executive order mandating face coverings indoors or in enclosed spaces, other than when at home. We know that face coverings are an effective tool in fighting COVID-19, and we encourage you to do your part in protecting the health and safety of your fellow Wisconsinites by wearing a face covering and encouraging others to do so.

Over the last month, Wisconsin has seen a surge in cases. This increase in cases cuts across the entire state with a significant majority of counties at high COVID-19 activity levels. Statewide action is necessary to protect the health and well-being of Wisconsinites.
