We are writing today to wish you a very happy Pride Month!

Pride was born out of a movement not unlike what we see today, and as we celebrate the diversity and resiliency of the LGBTQ+ community this month, it also is a reminder of the work we must do to ensure our state is inclusive and just for all. That's why we were so proud of Tony for ordering the Pride Flag to be flown above our state capital for only the second time in history (the first was last year)!

Here in Wisconsin, we believe from the bottom of our hearts that every single person matters and should be treated with dignity and respect. As we fight injustice in all its forms, it is important to remember both how far we've come and how far we have left to go.

Happy Pride Month,
Team Evers
