

Evers orders stay-at-home order extended one month to May 26

Posted on Thursday, Apr 16, 2020

Gov. Tony Evers announced today he has ordered Health Services Secretary Andrea Palm to extend his stay-at-home order another month to May 26, though with some easing of past restrictions to allow certain activities to start up again.

That includes allowing public libraries to provide curbside pickup and golf courses to open with some restrictions on scheduling and paying for tee times online or by phone only.

Still, the order directs public and private K-12 schools to remain closed for the rest of the school year and cancels extracurricular activities.

Evers first declared a public health emergency March 12, and that order expires May 11 without a joint resolution of the Legislature extending it. Still, Palm issued today's order, citing powers granted to her under state law.
