U.S. Rep. Glenn Grothman's third TV ad features the Glenbeulah Republican touting his efforts to keep medicine and mask production in the state.

The ad, which will run in the Green Bay and Milwaukee markets, opens with Grothman wearing a mask in a manufacturing facility, where he tells viewers he's "working hard to make sure our medicines and critical masks are made right here in Wisconsin" instead of China.

"It may be hard to understand what I'm saying through this mask but the consequences of this pandemic are clear," he said.

According to Advertising Analytics, Grothman so far spent \$525,071 in media buys, while his Dem opponent Jess King has spent \$11,418.
