Madison, WI] – Today, Supreme Court Justice Daniel Kelly launched a new TV ad to spotlight his proven record of protecting constitutional rights and deciding cases based on what the law is, not what he thinks the law should be.

The ad, titled “Order Up!” portrays two diner customers discussing their desire for a Supreme Court Justice who respects their freedoms and protects the public by following the law, instead of making it up. Together with their waitress, the trio agree Justice Daniel Kelly is the clear choice for them based on his tough but fair record of honoring the constitution and upholding the rule of law.
