MILWAUKEE (December 8, 2020) — Milwaukee Public Schools (MPS) released its [Roadmap to Readiness Family Survey](#) to gather input on virtual learning during the first half of the 2020-21 school year.

Surveys are being distributed to MPS families via email, U.S. mail, and other methods. The survey seeks feedback on children's school experiences this semester as well as input about returning students to the classroom. Currently, all learning is conducted online as schools remain virtual due to the COVID-19 pandemic.

"The Roadmap to Readiness Family Survey gives MPS families the opportunity to address the successes and opportunities for improvement the district can make with virtual learning," MPS Superintendent Dr. Keith P. Posley said. "This valuable feedback from our families, along with input from stakeholders and public health guidance, will help us decide the best route toward safely returning to face-to-face instruction for our young people and staff."

MPS families can find a link to the survey on the [MPS website](#). The survey will be available until January 8, 2021.
