

Milwaukee Rotary Club

Posted on Sunday, Jun 21, 2020

Join us as three Rotarians share their views and stories on racial equity. In light of current events and given Rotary's role in the community, we felt that it relevant and timely to have this conversation. The intent of our time is to have a conversation as a start or continuation of our Club's work on racism. We invite you to listen in as Karen Hung will moderate and contribute to the conversation with Dr. Eve Hall, President, Milwaukee Urban League and Ed Krishok.

This program will be broadcast on Zoom and streamed live [via YouTube here](#).
