Priorities USA Action released the following statement in response to the odd press release from the Trump campaign after Priorities successfully intervened as a defendant in the Trump campaign's lawsuit in Wisconsin:

Priorities USA Action successfully intervened as a defendant in the lawsuit filed by the Trump campaign against a small Wisconsin TV station in a desperate attempt to prevent Americans from hearing the truth about Trump's failed response to the coronavirus pandemic which has cost over 120,000 American lives and millions of jobs. We stand by the facts in our ad that uses Trump's own words. We won't back down from holding Trump accountable for failing America." - **Guy Cecil, Chairman of Priorities USA**
