Candidate endorsements by Pro-Life Wisconsin Victory Fund political action committee (PAC) are now available to be viewed on the [Pro-Life Wisconsin website](#). The Victory Fund PAC has endorsed a total of thirty-five candidates for state office in the upcoming fall primary and general elections. Included on the endorsement page is a message on what it means to be “100% pro-life.”

“We proudly endorse these candidates who recognize the personhood of the preborn baby and hold the principled and compassionate no-exceptions pro-life position,” said Matt Sande, director of the Victory Fund PAC. “For over twenty-five years, Pro-Life Wisconsin has held high the banner of total protection for all preborn children. Because we insist on this high standard, more and more candidates for elected office are 100% pro-life. We stand behind those candidates who stand behind 100% of the babies.”

Pro-Life Wisconsin Victory Fund supports candidates for public office who demonstrate a commitment to protect every innocent human life – in all circumstances and at all stages of development. To be “100% pro-life” is to know that a human being begins at conception and to therefore understand that there may never be a legal exception to a preborn child’s inalienable right to life. Accordingly, it requires defending the child conceived in rape, the child whose mother’s life is perceived to be in danger, the disabled preborn baby, the tiny embryo vulnerable to experimental research, or the terminally ill patient who is viewed as a “burden” on society.

“Our preborn brothers and sisters deserve total and permanent legal protection of

their right to life,” said Sande. “As God’s image bearers, preborn children from the moment of conception have intrinsic worth, inestimable value, and inviolable dignity. Now is the time to enshrine the personhood of each preborn child in state and federal law. We believe in this goal, as do our endorsed candidates.”
