It's been an incredible honor to represent the 23 rd Assembly District in the State Legislature for the last 14 years. I feel we accomplished some important goals, especially in cutting taxes and making our roads safer by increasing penalties for drunk driving.

We have a beautiful State Capitol, and I will always cherish my time serving there. We also have an amazing state with fantastic citizens with a very bright future. I appreciate everyone who helped me along the way and look forward to remaining active in my community and church.
