Madison...Speaker Robin Vos (R-Rochester) released the following statement regarding the Assembly Republican's agricultural priorities for the remainder of the legislative session, which will include new legislation including tax credits and bills already working their way through the process.

"Our goal is to provide short-term and long-term relief. Wisconsin farmers need help now but we also need to lay a foundation for future success.

"I'm proud of what Assembly Republicans have done for farmers, with farmers' input. These priorities will build on our efforts from previous years and this session to ensure the agricultural industry continues to prosper and grow in America's Dairyland."
