MARSHFIELD – Security Health Plan of Wisconsin, Inc., has a new plan available for people living in eight central Wisconsin counties for 2021 that is designed to provide cost savings and includes extra benefits.

The new plan, SimplyOne, is available through the Federally-facilitated Exchange for 2021 and highlights the powerful partnership between Marshfield Clinic Health System and Security Health Plan. SimplyOne members will have access to Marshfield Clinic Health System as the primary in-network health care provider. Marshfield Clinic provides access to more than 80 specialties, nine hospitals, including the region's only children hospital, and more than 60 clinic locations.

SimplyOne will be available to residents in the following counties: Langlade, Lincoln, Marathon, Oneida, Portage, Taylor, Vilas and Wood.

Like all of Security's Individual and Family Plans, SimplyOne members will have 100% coverage for unlimited Care My Way[®] visits and a \$30 quarterly credit for over-the-counter items and supplies. New in 2021, members with a plan from Security will also receive enhanced diabetic coverage, including a \$25 monthly cap on select insulins, and select diabetic testing supplies will be covered at 100%.

With a SimplyOne plan, members will enjoy additional perks like:

- 30% off select eye wear from Marshfield Clinic Health System locations
- Lower copays for prescriptions filled at a Marshfield Clinic Health System

pharmacy.

- Access to Marshfield Clinic's Patient Navigator Program for help scheduling appointments, answering questions about bills and health plan coverage, requesting medical records, and more.
