Madison – After Governor Evers announced the I-94 East-West project will be funded, State Senator Alberta Darling issued the following statement in response: “Finishing the East-West corridor has been a top priority for me. The project is important for commerce, safety, and jobs.

In 2015, \$23 billion in freight was transported through the East-West corridor of I-94.

Many of us have loved ones who travel on that road – often twice a day. Completing the East-West corridor will make Wisconsin safer, more competitive, and will grow our economy.”

Senator Darling represents portions of Milwaukee, Ozaukee, Washington and Waukesha Counties.
