*State of the State Highlights Positive Democratic Vision*

MADISON, WI – Senate Democratic Leader Jennifer Shilling (D-La Crosse) released the following statement in response to Gov. Evers' State of the State address:

“It couldn’t be clearer that the public overwhelmingly supports Gov. Evers and Democratic solutions to propel our state forward. Democrats believe in prioritizing the people of Wisconsin and addressing the issues residents face every single day by lowering health care costs, strengthening clean water protections, and expanding economic security for families and seniors. Whether it’s accepting federal health dollars, closing the Dark Store Loophole, investing in local schools or legalizing medical marijuana, Wisconsin residents trust Democratic efforts to tackle the tough issues.

“I believe these goals are well within our reach, but time is of the essence. As legislators we cannot ask the people of Wisconsin to settle for any less than they deserve. The longer Republicans refuse to do their job, the longer these challenges facing our communities will persist.

“My Democratic colleagues and I remain committed to working with Gov. Evers to advance bold solutions and ensure Wisconsin is a place where the next generation wants to live, work, and raise a family.”
