**MADISON, Wis.** — State Senator Tom Tiffany (R-Minocqua) released the following statement on Thursday calling for Department of Health Services Secretary-designee Andrea Palm to withdraw her name from consideration:

**“Secretary-designee Andrea Palm must immediately resign from her appointment as Wisconsin Department of Health Services Secretary.**

“The recent Supreme Court ruling confirmed that Ms. Palm’s power grab exceeded her authority. Her shotgun approach to lock down Wisconsin has produced disastrous consequences.

“Wisconsin’s economy and health care system are collapsing. Small businesses are closing their doors for good. Tens of thousands of people are struggling to apply for unemployment in an attempt to survive the storm she caused.

“New data shows us how we can make a targeted response to the Wuhan virus, but Ms. Palm will hear none of it. A native New Yorker, ally of Hillary Clinton’s, and Washington, D.C. insider, Ms. Palm understands very little of our Midwestern values or how her decisions have devastated our way of life.

“Ms. Palm came here as Governor Evers’ hired gun, and she will leave with Wisconsin’s corpse if she continues.”
