Kenosha – State Senator Bob Wirch (D-Somers) issued the following statement regarding Governor Evers's Executive Order requiring face masks in certain circumstances:

“I’m not a doctor, but health care experts, including from the federal CDC, say masks help slow transmission of Covid-19. I wear a mask when I go out. If something as simple as wearing a mask will help us get this virus under control, so that our businesses can operate as normal, our kids can go back to school, and we can again visit with friends and family, I’m all for it. Let’s give it a shot for these 60 days, and then take a look at the results.”
