**Kenosha** – State Senator Bob Wirch (D-Somers) issued the following statement in response to the state Supreme Court decision striking down the Safer at Home order:

“I am deeply disappointed that a narrow majority on the Supreme Court put ideology over public health and safety in this case. With Kenosha and Racine being labeled new hotspots in a recent White House report, this is clearly not in the best interest of the health and safety of our residents. We all want to reopen the state, but it needs to be done safely and responsibly. The Republicans’ victory comes at the expense of public health.”
