MADISON, Wis.— Today, U.S. Senator Tammy Baldwin endorsed Vice President Joe Biden for president.

In a video [published Wednesday morning](#), Senator Baldwin praised Vice President Biden, “not just because he’s always fought for the bold, progressive change that working families in Wisconsin need — but because he understands that everyone deserves to be treated with dignity and respect — and afforded the opportunity to thrive” and pledged to “do everything I can to make sure Joe Biden wins here in November.”

Senator Baldwin is currently serving her second term in the U.S. Senate, after being reelected by an 11-point margin in 2018. Prior to her election to the Senate in 2012, Senator Baldwin served seven terms in the U.S. House of Representatives.

Full video script:

Over the last three years, with Donald Trump in the White House, folks in Wisconsin have fallen further and further behind.

From making it harder for people to afford their health care, to senseless trade wars that have hurt our dairy farmers and workers, Donald Trump's policies have not worked for Wisconsin families.

That's why I am supporting Vice President Joe Biden for President.

Now more than ever, our families are wondering where they're going to get their next paycheck or can they keep their small businesses afloat. They need a champion in the White House and that champion is Joe Biden.

Joe has proven time and again that he doesn't just empathize with the struggles that Americans face, he commits to fighting until he gets the results they need.

I'm supporting Joe Biden for president not just because he's always fought for the bold, progressive change that working families in Wisconsin need — but because he understands that everyone deserves to be treated with dignity and respect — and afforded the opportunity to thrive.

The road to the White House goes right through Wisconsin and I'm going to do everything I can to make sure Joe Biden wins here in November. And I hope you'll join me.
