Today, Congresswoman Moore released a statement in response to the Trump administration's announcement that federal agents will be sent to Milwaukee as part of Operation Legend:

"I am seriously concerned.

Sadly, I see this as a continuation of this Administration's assault on protesters, which was seen in Lafayette Square, Portland, and other cities across the country.

That's why I don't trust this Administration's intent or their mission. Local and state leaders didn't ask for these agents in our community. And I certainly didn't!

I need to know who these agents are, and why they are here. And then I would like for the Administration to end whatever plan they have for Milwaukee."
