Green Bay, Wis. — Free, rapid drive-up testing will continue on the UW-Green Bay campus at the Weidner Center, M-F, through December 23, 2020 from 9 a.m. to 4 p.m. Testing will begin again after the holiday break on Monday, Jan. 4, 2021, while testing supplies last.

The testing site has been popular, with 350-400 tests administered each day.

Individuals seeking to be tested need to [register online](#); enter the Green Bay Campus off of Nicolet Drive at the main entrance; watch for signage leading them to the testing site (located at the Weidner Center). An eTrueNorth employee will help registrants administer the test themselves, under supervision.

All participants must [register](#) before arrival at [www.doineedacovid19test.com](http://www.doineedacovid19test.com).

Testing is offered in partnership between University of Wisconsin System and the U.S. Department of Health and Human Services and administered by eTrueNorth. Passengers do not leave their vehicles and wait times have been very short (about 5-10 minutes for the test and about 30 minutes for results by e-mail).

**For any questions regarding Rapid Testing please call 1-800-635-8611.**
