

Vice-President Pence visit GE Healthcare in Madison

Posted on Monday, Apr 20, 2020

On Tuesday, April 21st, the Vice President will travel to Madison, Wisconsin. There, the Vice President will visit a GE Healthcare manufacturing facility to highlight the production of ventilators during the coronavirus pandemic. During the visit, the Vice President will tour the facility and engage with GE Healthcare employees.

Additional details about the Vice President's trip are forthcoming.
